

HI THERE. THIS PDF SHOWS A CHOICE  
BLEND OF MY WORK AND MY FAVOURITES.  
THE DOCUMENT IS FIT FOR SCREEN AND  
MADE FULLY INTERACTIVE. \*

My portfolio is made of the work i have gotten mainly from my studies at Brobygrafiska college. To that i add some photographic projects that i have been working with during and after highschool. I have been keen on pictures and cameras since highschool where my studies where mediabound.

These works show my skills and experiences that my education and personal experiences have given me. I can with no doubt stand for each and everyone of them, I have pride in them indeed. Though, i must add, none of my work is perfect, they each have flaws that I have learned to accept.

Brobygrafiska in Sunne is an Advanced Vocational Education and its upper secondary programme is called Graphic Media Production. Courses included in the education are amongst others: Graphic Design, Graphic technology, Image and prepress, Information and multimedia technology, Photography and several own projects.

*Pablo Anttila, Sunne, November 2004*

# .CV

# *.photography*

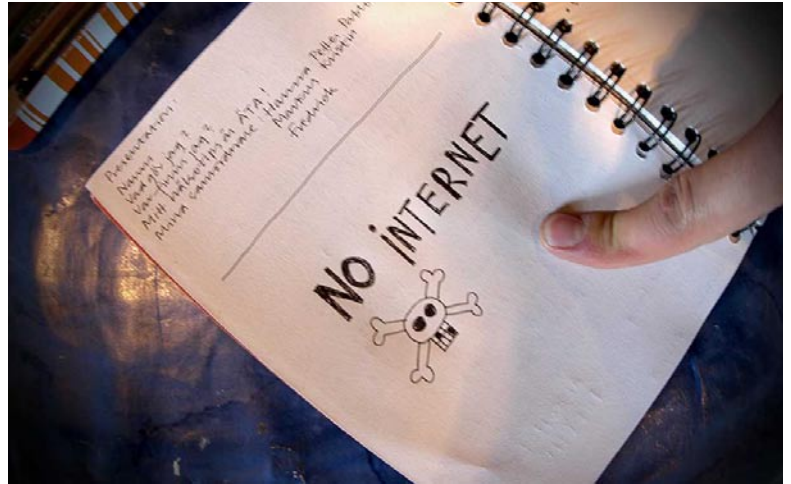

Photographies and reportages that i have taken during the past 7 years.

ARVIKAFESTIVALEN 2004 I documented the workers at the annual Arvikafestival.

WORK FOR RUOTSIN SANOMAT Reportage- and newspictures taken during my internship at RS.

PORTRAITS FOR PREVIEW 05 For our degree project "Preview 05" i have shot several portraits of my classmates. They have dealt with the art direction themselves.

EXHIBITION "SAMLADE VERK 97-02" Exhibition with collected photos from my trips to Santiago de Chile, Havana of Cuba and Berlin.

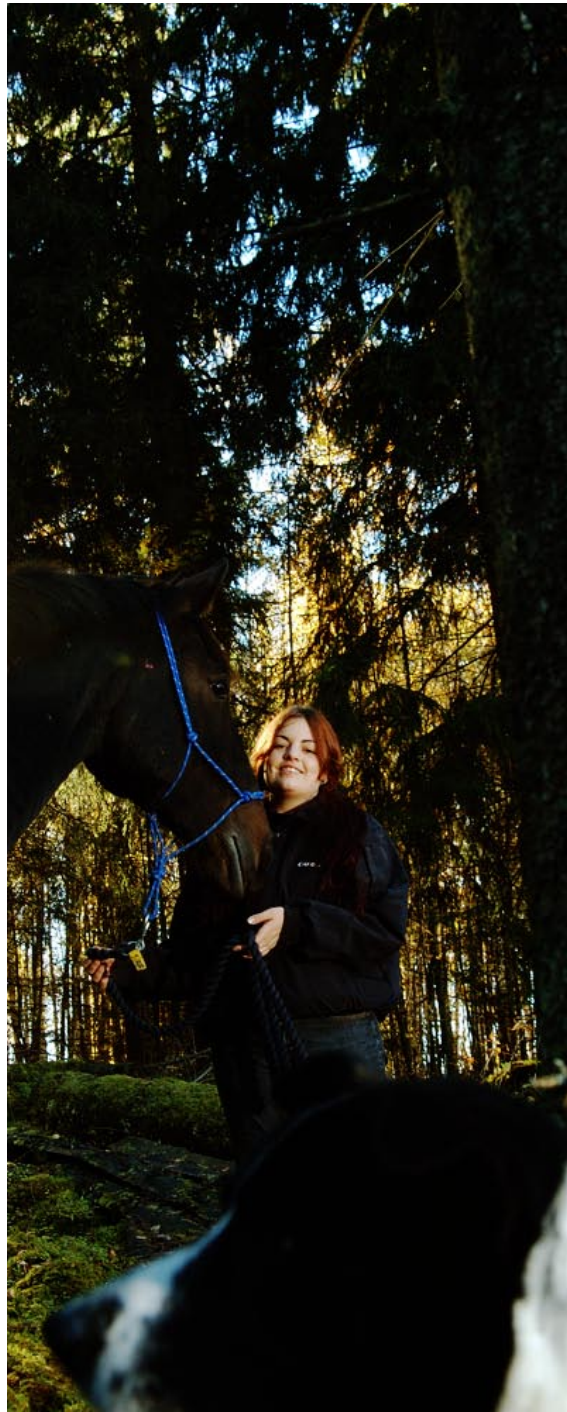

Documenting the workers of ARVI-  
KAFESTIVALEN 2004.

Some photos from my internship at daily newspaper RUOTSIN SANOMAT.

Portraits for our degree project PREVIEW 05. The typical forest-theme has been chosen by the students themselves.

Photographies from the exhibition  
“SAMLADE VERK 97-02”.  
Nice remembrance.

# *.graphic design*

Posters, printed work and other projects dealing with design.

BIBEL 2004      Graphic programme for Arvikafestivalen 2004.

STENCILTYPOGRAPHY      Degreeproject focusing on typography in stencils.

GRAPHIC PROFILE      Schoolassignment on how to present a graphic profile.

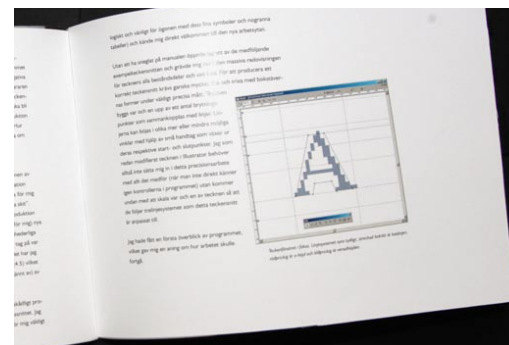

Bibel 2004 is the name of the graphic programme for Arvikafestival, that i have created and present in a printed edition. As headdesigner for the festival, I have also lead the work of the decorational group.

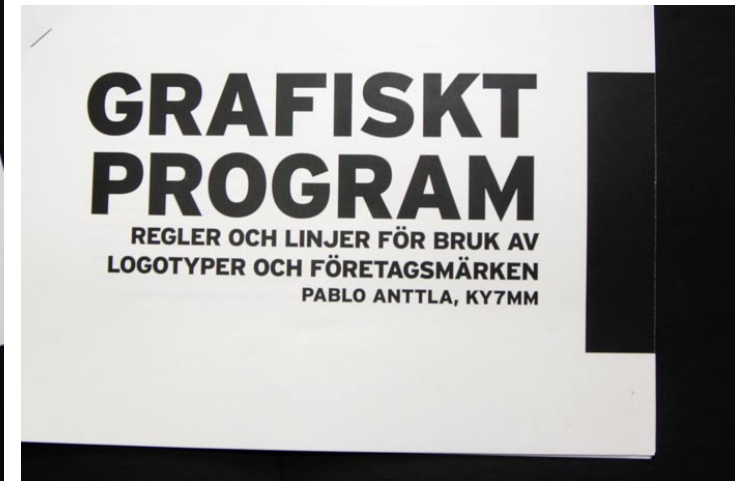

Degreeproject on working with typography in fontlab. Production and export of a font in different formats. Handcrafted print edition, one single copy.

Schoolassignment on how to present a graphic profile.

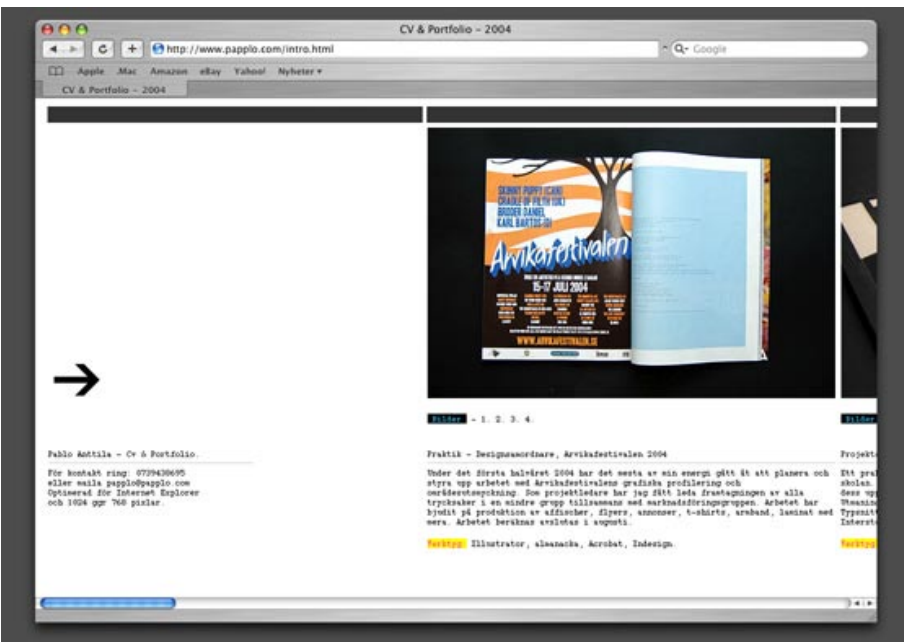

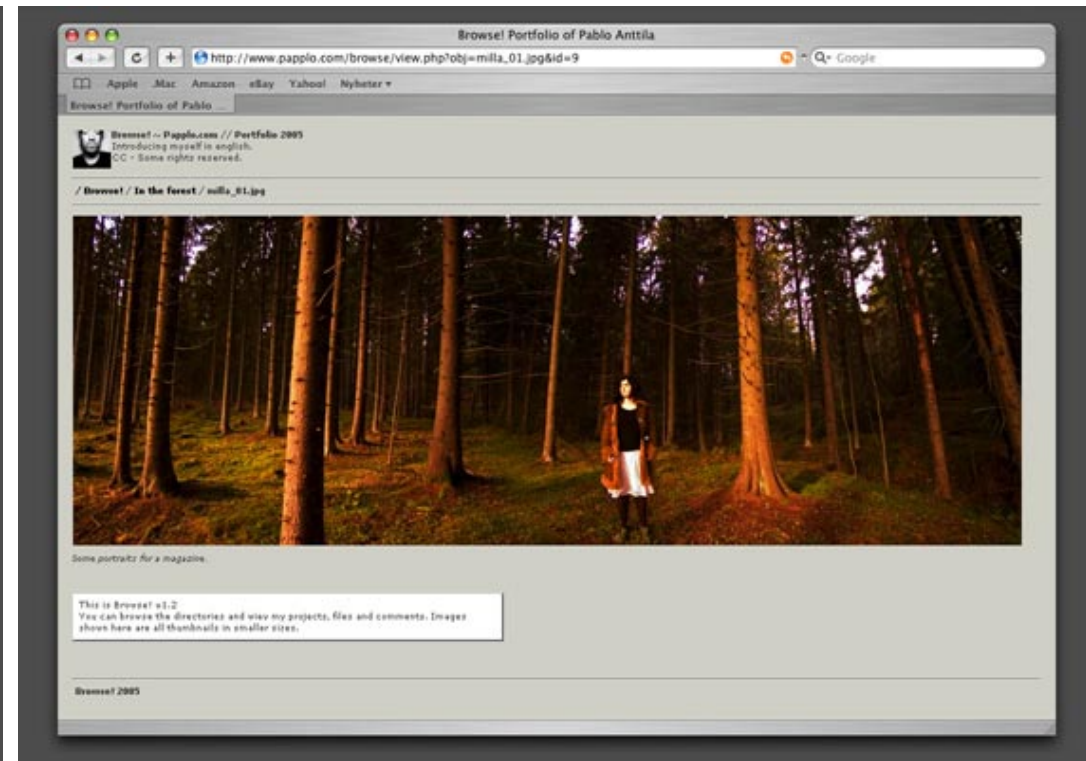

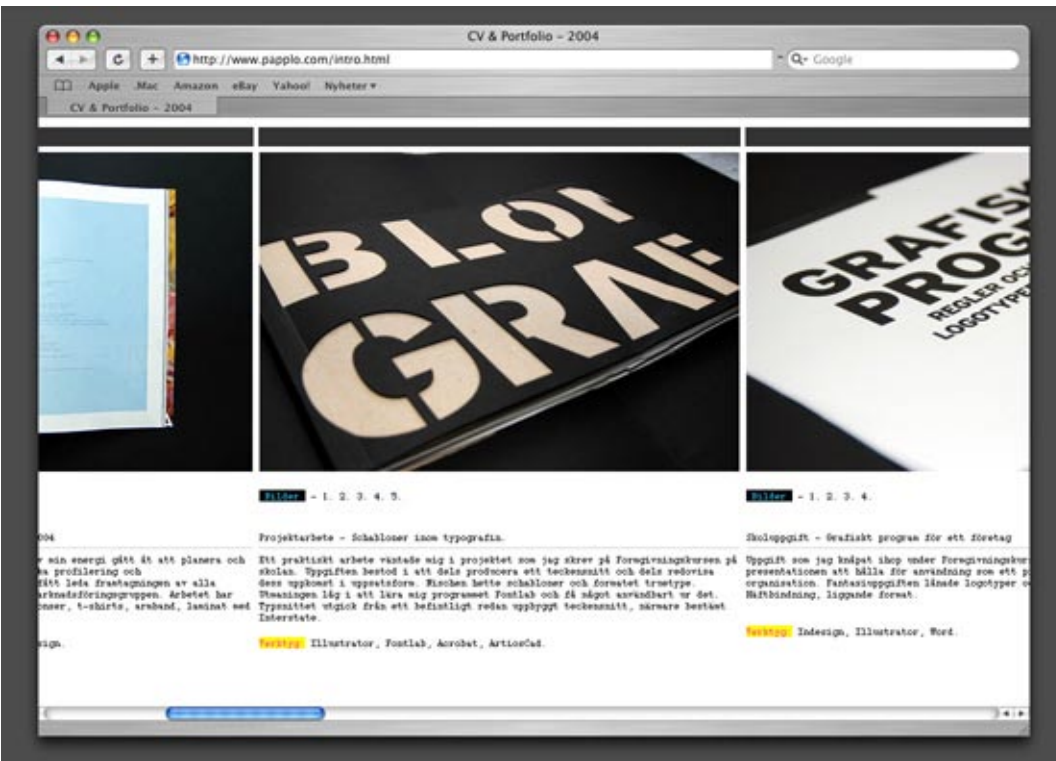

# *.webdevelopment*

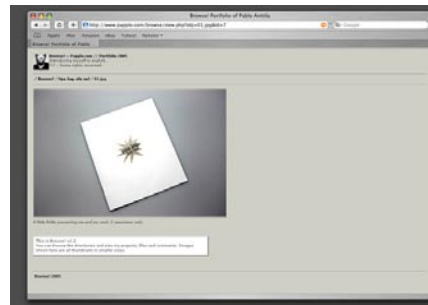

Programming and design of webpages and similar projects

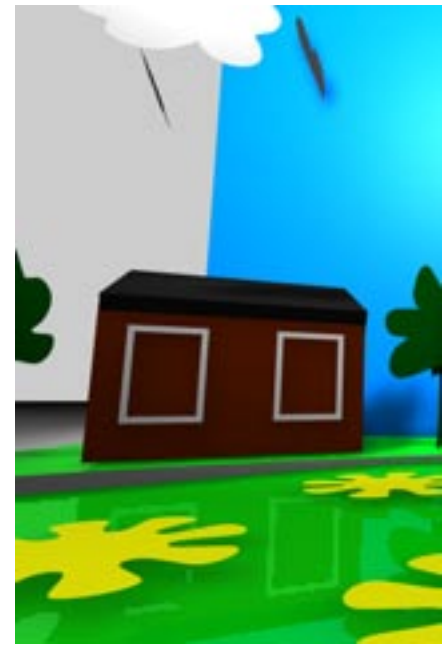

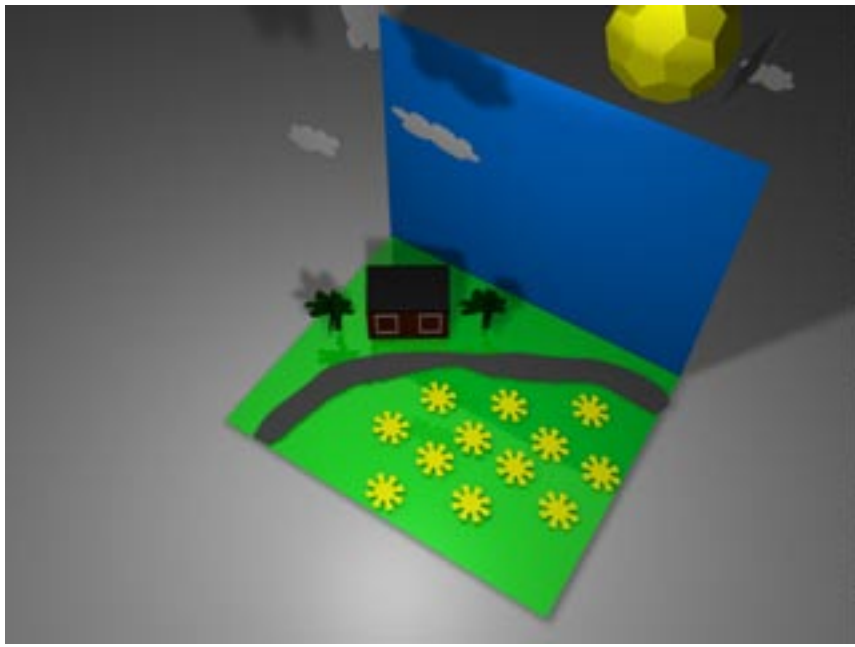

PAPPLO.COM     My webportfolio in different shapes.

3D-FILM     Short movie created in Cinema 4D.

My internet portfolio.

Frames from a short movie made in Cinema 4D.

# THANKS AND GOODBYE.
